

JACK DEMPSEY WINS FROM BILL BRENNAN IN TWELFTH ROUND

**Knocks Out Challenger With Blow to the
Heart and Hook to the Jaw—Brennan
Made a Great Fight and Withstood Many
Hard Blows—Willard Challenges Winner**

(By The Associated Press)
MADISON SQUARE GARDEN, New York, Dec. 14.—Jack Dempsey, the world's heavyweight champion, knocked out Bill Brennan of Chicago, tonight in the twelfth round of the first heavyweight championship fight staged in New York since the Walker law became operative.

Many opinions were expressed by fight fans as to Dempsey's inability to finish his opponent quickly. When Dempsey did cut loose, however, he certainly made a quick job of it, but not until Brennan had shown that he was absolutely unafraid of the champion's punches and had split Dempsey's left ear.

The champion proved to be Brennan's master in nearly every stage of the bout but the challenger withstood many hard blows in the stomach and ribs thru his magnificent condition. Two negroes, Bill Tate, of New York, and "Kid" Norfolk, of Baltimore, from the rival training camps of Dempsey and Brennan, were the principals in the ten round event, which preceded the main event.

The judges' decision that "Kid" Norfolk won.

While half a dozen photographers got into the ring to be ready to snap the principals in the big event the moving picture men were on both sides of the garden grinding out yards of film.

Four powerful lights suspended from the roped enclosure as bright as daylight.

Brennan enters ring first.

Brennan entered the ring at 10:28, his green trunks peeping out from under a crimson sweater. Dempsey came thru the ropes in Brennan's corner. The champion stopped for a moment to shake hands with his challenger and then each of them examined the bandages on the other's hands. Dempsey wore white trunks, topped with a red, white and blue belt and only wore a towel over his shoulders.

Announcer Humphreys introduced Dempsey as the hardest hitting heavyweight champion ever known. Brennan was introduced as the most popular heavyweight in the middleweight. The weights were: Dempsey, 188; Brennan, 197.

John Hauk of Brooklyn was the referee and the judges were Thomas Shortell, Brooklyn, and Joe Ruddy of the New York A. C.

A telegram was read from Jess Willard at Kansas City asking Richard to challenge the winner.

FIRST ROUND: The men got into the ring. Brennan landed first, a right hook to the head, they exchanged rights and lefts to body at close quarters. Brennan worked left hooks to the head, while Dempsey sent two rights to the head, one which narrowly missed Brennan's chin. Both worked fast at close range, and Dempsey scratched Brennan's right eye with a left hook. Dempsey's round by a shade.

ROUND TWO: Dempsey landed a left on the neck, Brennan replying with a similar blow. Then they got into a short mix-up. Dempsey missed a left hook for the head. Brennan hooked a left to the stomach. Short lefts and rights were exchanged at close quarters, and Dempsey a short left to the body. Dempsey was short with his right to the head and Brennan got in two half arm uppercuts over the heart. They were in a lively mix-up at the bell.

Brennan had a shade in this round.

ROUND THREE: They rushed into a clinch and then exchanged body blows. Both landed short right uppercuts. Dempsey ducked into a right hook which was followed by a left and right to the head. Dempsey then started after his man with left and right hooks, but he seemingly did not have much power into the blows. Dempsey showed a slight scratch over his nose. There were a few rapid exchanges with honors fairly even. Dempsey crossed his right hand to the ear, the hardest blow so far in the fight. The champion whether intentionally or not missed a couple of right hooks for the head and then brought his left to Brennan's mouth which was bleeding at the close of the round.

ROUND FOUR: They exchanged body blows with both hands and then landed light left hooks at close quarters. Dempsey blocked a left lead for the face and sent a short right over the heart. There was a good deal of ineffective work at close range. Brennan sent his right twice to the head. The champion came back with a stiff left to the face and short right cross to the ear. Then Dempsey met Brennan with a left hook and shot two vicious

TWO PRIESTS AMONG VICTIMS IN RIOTS IN CITY OF CORK

**One Was Closely Related to
the Former Lord
Mayor**

**TOOK WATCH
AND MONEY**

(By The Associated Press)
CORK, Dec. 14.—Among the victims of Saturday night's terrorism preceding the fires here were two priests, the Rev. Patrick MacSwiney, closely related to the Lord Mayor of Cork and Father McCarty, who are reported to have been severely handled by armed uniformed men. Father McCarty's injuries were so severe that he was unconscious yesterday and is still unable to leave his bed, while Father MacSwiney is scarcely able to move owing to lameness and bruises.

The two priests have told the correspondents how they, with other passengers, including women were held up in a tramcar Saturday night by men wearing long coats over police uniforms. These men fired into the car and roughly ejected all the passengers, lined them up in a side street at the point of the rifle and searched them.

Father MacSwiney's gold watch and money were taken and one of the men exclaimed:

"Now we've got one of those fellows who have been advising people to murder us."

Father MacSwiney, whom the men threatened to shoot, was compelled to divest himself of his outer clothing and kneel in the road. Describing the experiences at this particular juncture Father MacSwiney said:

"Not doing so quickly they threw me down and ordered me to write on the pavement to hell with the pope when they promised to let me off. Then finding no means with which to write they pushed me away with a curse, firing shots after me."

Father McCarty suffered more bodily injuries than Father MacSwiney being beaten and kicked almost insensibly.

BODY OF CANADIAN MILLIONAIRE IS FOUND "AT GALVESTON, TEXAS"

**Body Thought to be That of
C. J. Hemill of
Ottawa**

**NAME ON TAG
SEWED IN POCKET**

(By The Associated Press)
GALVESTON, Texas, Dec. 14.—A tag sewed into a trousers pocket of the man found dead here yesterday upon which was marked the name "C. J. Hemill," tonight was regarded by police officials as definite proof that the dead man was the missing Ottawa, Canada, millionaire.

All other marks of identification such as those usually attached by tailors and haberdashers had been torn off, the contents of the trousers pockets, however, yielded what was considered by the police as uncontrovertible evidence of the dead man's identity. Three street car tickets, one of the Ottawa Electric company were found together with a bunch of keys, a pair of nose glasses, a silver cigarette case and a short stemmed pipe. No money was found.

Police officials today endeavored to intercept Mrs. Hemill, reported to be the wife of the missing man, at Fort Worth, with a telegram at St. Louis, informing her of the discovery of her husband's body in this city.

Police authorities express the opinion that the Ottawa man died as a result of complications resulting from exhaustion and exposure.

POLICE KILL RED SWEATER ROBBER

**Committed Twenty Three Robberies in Six Days—Carried
Revolver in Folded Newspaper**

(By The Associated Press)
Chicago, Dec. 14.—Fifty policemen who for six days have been on the trail of a "red sweater bandit" ended their quest this afternoon by shooting Mike Edwards, 22, a negro, thru the stomach. He probably will die.

Edwards, according to police was in the act of holding up a pedestrian in broad daylight—his twenty-third robbery in six days—when three policemen appeared. He was shot while attempting to escape.

The 23 robberies were all committed in one police precinct by a bandit who carried his revolver beneath a folded newspaper.

**FAVORS ONE YEAR
BAN ON IMPORTS**

Washington, Dec. 14.—A one year ban on imports of a number of agricultural products is proposed in a bill introduced by Representative Blanton, Democrat, of Texas today. The measure would stop importations of corn, wheat and wheat flour, cattle, sheep, hogs, beef, veal, mutton, lamb, wool, mohair, rye, barley, flax, peanuts and oats.

DISARMAMENT OF NATIONS MUST BE SLOW AND CAUTIOUS

**Veiled Allusions to
Policy of United
States**

**BELGIUM CANNOT
SPIKE HER GUNS**

(By The Associated Press)
GENEVA, Dec. 14.—The first step for disarmament of the nations must be cautious and deliberate the assembly of the league of nations decided today notwithstanding sharp criticisms by George Nicoll Barnes the British leader and Christian Lange of Norway. Mr. Barnes said there was too much "quibble and not enough pluck" in the decisions to go slowly. The policy of the United States on this question was by more or less veiled allusions, invoked as one reason why general disarmament cannot be boldly grasped with at this time, Mr. Barnes said.

H. A. L. Fisher of the British delegation referred to nations with powerful arms and munitions making facilities that still are outside the league.

Enemy Countries Disarmed.
The absence from the league of former enemy countries also was referred to by Mr. Fisher. This brought from Mr. Barnes the retort:

"They are now practically disarmed and cannot constitute a menace for years to come."

A curious manifestation of the session was the general applause of the delegates for the pleas made by Messrs. Barnes and Lange for an immediate minimum effort while at the same time opposing the conclusions of the disarmament committee.

These are briefly, an effort to prevent the future increase of armaments and propaganda in favor of a decrease as a steady means of bringing about eventual but remote disarmament. France and Belgium reported the committee's conclusions upon limitations of armament expenditures during the next two years on to the basis of appropriations for last year. They added however, that they could not consider the restoration of armaments destroyed during the war as increased expenditure but pointed out that measures were being taken to reduce the period of military service. M. Pouillet of Belgium said:

"Belgium has received no reparations. She cannot spike her guns while the league of nations still is in the process of formation."

ESTABLISHES NEW FLYING RECORD

**New York to Chicago in Five
Hours and Thirty One Minutes
—Chicago to Omaha in Two
Hours and 42 Minutes with 400
Pounds of Mail**

(By The Associated Press)
Chicago, Dec. 14.—J. T. Christensen established a record today by piloting an air mail service plane from Chicago to New York in five hours and 31 minutes. He established another record today by flying from Omaha, Nebraska to Chicago in 2 hours and 42 minutes flying time in a DeHavilland plane carrying 400 pounds of mail.

The distance was 440 miles and only one stop was made. Christensen's average speed was 162 miles an hour.

Air mail officials said that letters posted in Omaha at 10 o'clock this morning could have been delivered this afternoon in Chicago, while mail coming by train could not be delivered before tomorrow morning.

**TRY BUILDING
TRUST CASES SOON**

**Trials of Three Score Men Will
Start Early in January—Bridgman Is Charged With Extortion**

NEW YORK, Dec. 14.—It became known today that early trial would be given the three score men already under indictment in connection with the "building trust."

John T. Hendrick, operator of the "code of practice" by which contractors matched bids who was indicted last week on a charge of violating the state anti-trust law, probably will be the first of the accused men tried.

Special Deputy Attorney General Kenneth L. Spence notified Hendrick's attorney today that he would seek to have the trial set for early in January.

It was understood that Samuel Untermyer would personally conduct the prosecution in the trial of Robert Brindley, president of the building trades council on ten several indictments charging him with extortion.

**BAR ASSOCIATION
WILL MEET IN JUNE**

Dixon, Ill., Dec. 14.—The 1921 meeting of the Illinois State Bar association, will be held here in June, according to word received from the board of governors. Mr. Riley added.

WILL CONTINUE CONFERENCE ON GERMAN CABLES

**All Nations Except France
Are Now In Accord**

**JAPAN REQUIRED
SOME PERSUASION**

(By The Associated Press)
WASHINGTON, Dec. 14.—The International Communications Conference has reached an agreement, it was stated officially today at the state department. The deliberations as to the final disposition of the former German cables and other matters will be continued thru the ambassadors of the four powers. If no agreement is reached by March 15, the powers will reserve to themselves all right of action this being construed to mean that further conferences will be held after that date. Great Britain, the United States, Italy and Japan were understood to have agreed to this arrangement, Japan after persuasion. France refused assent but hope was expressed that its approval would be given later.

Issue Formal Statement.
Upon adjournment of today's plenary session, the following formal statement was issued by the delegates of the five allied and associated powers:

"The delegates to the preliminary conference on communications have today reached unanimous agreement in regard to certain important aspects relative to the general question of the disposition of the ex-German cables. While agreement has not been arrived at for the definite disposition of the cables, important principles were established to guide the conference in its continued consideration of and dealing with same. There has been a recognition on the part of all the delegations of the necessity of accommodating themselves as much as possible to the views and rights of other countries. While it is difficult in some cases to eliminate all differences there appears a general recognition of the necessity and expediency of working out an equitable and practicable solution of the problem."

**HARDING GREATLY
PLEASED WITH
CONFERENCES**

**Has Already Received Much
Encouragement**

**SAYS HE HAS NO
AGENTS IN EUROPE**

(By The Associated Press)
MARION, O., Dec. 14.—With his conferences here on an association of nations only fairly begun, President-Elect Harding let it be known today that he already had gathered information and advice which greatly encouraged him.

Making his first comment on the progress of the consultations, he said they had been "very interesting and gratifying."

"It apparently will not be so difficult as some people had supposed he added, "to find a common ground for agreement." He indicated that he had given considerable thought to the proposal for a world agreement not to declare offensive war except in response to a popular referendum but said he could express no opinion on the subject.

Pleased with Information
It is understood that Mr. Harding has felt particularly pleased with the information regarding conditions and opinions abroad as described to him by Herbert Hoover, Elihu Root and others. Still more detailed surveys are to be given in conferences yet to come it being taken for granted that among others Senator McCormick of Illinois who is now in Europe will see him within a few weeks.

Mr. Harding tonight denied reports that he had published reports that Senator McCormick was acting as a representative in conferences with European statesmen. The president-elect said he had no agents in Europe, in the United States or in any other part of the world.

Tomorrow Mr. Harding will see Raymond Robbins, a former leader of the progressive party and a member of the Republican executive committee in the 1920 campaign.

How long the president-elect will remain in Marion still is undetermined. The general understanding has been that a southern trip probably will be taken some time in January.

OPERATORS BLAMED FOR HIGH PRICES

(By The Associated Press)
NEW YORK, Dec. 14.—Mine operators were blamed for prevailing in a statement issued here today by A. W. Riley, head of the department of justice flying squad.

Mr. Riley charged that some operators are selling coal at \$15 a ton f. o. b. when they could make profits at half that price.

The government is helpless unless the constitutionality of the Lester act is finally determined, Mr. Riley added.

SHARP CONFLICTS DEVELOPE OVER APPROPRIATIONS

**Committee Would Cut
Army Appropriation
Bill**

**QUESTION BAKER ON
SIZE OF ARMY**

(By The Associated Press)
WASHINGTON, Dec. 14.—Sharp conflicts between congress and the war department over the amount of money to be appropriated this year for the military establishment developed today at the initial meeting of the house sub-committee to draft the 1922 army appropriation bill. Secretary Baker and Major General March, chief of staff appearing before the committee, urged the appropriation this year of approximately \$700,000,000 for army expenses. The war department was allowed \$322,000,000 for the present year.

Baker Sees Deficit.
Secretary Baker estimated that the war department would incur a deficit of \$60,000,000 during the present year. Of this amount, he said, \$38,000,000 which is needed for the pay of enlisted men. Representative Anthony of Kansas, however, said members of the committee were convinced the war department's deficiency would total at least \$100,000,000.

"We must close at least half of our camps, particularly those located in more remote districts which cannot be kept up as cheaply as those closer to supplies," said Mr. Anthony. "It has been shown that it costs more to maintain troops on the Mexican border than at centralized posts. The committee for the sake of economy intends to provide for the withdrawal of many of the troops now on the border."

Immediate sale of between 30,000 and 40,000 motor trucks now held in reserve was said by Representative Anthony to be under consideration.

Secretary Baker was questioned particularly as to the present size of the army and in reply said it consisted of approximately 216,000 enlisted men and 14,000 officers.

AUTO ACCIDENTS CLAIM MANY VICTIMS

**Death in 1919 Totaled 7,000—
Shows Increase Over 1918 of
Over 400.**

Washington, Dec. 14.—Deaths from automobile accidents continued to show an increase during 1919 with a total of 7,969 for the census bureau's registration area, comprising about 80 per cent of the country's total population, according to statistics just completed by the census bureau. The total includes 3,808 deaths in sixty six of the larger cities of the country for which statistics were announced early this month and which total was not clearly indicated as representing the aggregate for those cities only.

The deaths last year from automobile accidents showed an increase of 444 for 1919 over the total of 1918 in the registration area.

BRUNDAGE KEEPS UP DRY CAMPAIGN

**Files Bills Against Down State
Saloon Keepers—Says Others
Down State Will Soon Face
Landis.**

(By The Associated Press)
Chicago, Dec. 14.—Attorney General Edward J. Brundage extended his prohibition campaign to downstate districts by filing bills before Federal Judge Kenesaw Mountain Landis, asking that eight saloons in Ottawa, Peru, and LaSalle be closed. The bills charge that the saloons "have been continuously selling liquor in violation of the law."

A statement issued by the attorney general in announcing the filing of the suits said that "many more downstate saloon keepers probably soon will make the acquaintance of Judge Landis as the attorney general expects to enforce the law thruout the state."

WOULD BROADEN VOCATIONAL TRAINING

Washington, Dec. 14.—A bill to broaden vocational training for former service men requested by the federal board was introduced today by Senator Kenyon, Republican, Iowa. It would permit training of men having ten per cent vocational disability and extend the privilege to widows and orphans of war veterans.

HARDING HONORED BY TYPOGRAPHICAL UNION

Marion, O., Dec. 14.—President-elect Warren G. Harding was elected an honorary life member of the Marion Typographical union No. 675 last night.

MAY SUGGEST THAT FIVE YEAR NAVAL HOLIDAY BE TAKEN

**Rumored That Engand and
Japan Will Ask U. S.
to Join**

**DANIELS SAYS WE
CANNOT AFFORD IT**

(By The Associated Press)
WASHINGTON, Dec. 14.—Rumored intentions of Great Britain and Japan to secure a tripartite agreement with the United States for limitation of warships building programs came up today in congress.

In the senate, a resolution was offered by Senator Borah, Republican, Idaho, requesting the president to seek an agreement with those powers for a five year naval building truce with construction programs cut in half during that period. It would be said, develop whether Great Britain and Japan are sincere in the talk of reducing armaments.

Daniels Comments.
Before the house naval committee Secretary Daniels presented his recommendations for naval constructions with this comment:

"I profoundly believe that the United States cannot afford to take a five year naval holiday as it has been rumored England and Japan will suggest to the country."

"It would be a blunder, almost a crime for the United States to enter into an alliance with any two or three nations either to suspend or curtail naval building or for any other purpose. It would make for suspicion among the other nations."

Senator Borah's resolution went to the foreign relations committee without date. The Idaho senator said he would urge prompt action.

The house naval committee prepared to inquire into the relative strength of the navies of the three powers.

RECOMMEND ADOPTION OF PATROL SYSTEM

**Would Adopt This System
For Highway Maintenance**

(By The Associated Press)
CHICAGO, Dec. 14.—Recommendation for adoption of the patrol system of highway maintenance and decision to begin a campaign looking toward that adoption was made by the executive committee of the Illinois Agricultural Association here today.

"The system would be modeled after that in Wisconsin," said J. W. Morgan of Galva, Ill., chairman of the legislative committee. "It would provide for caretakers hired at state expense and responsible for the maintenance of his section of road, usually about 10 miles. Ten per cent of the roads in Wisconsin are under the patrol system and they carry 72 per cent of the traffic."

Slowness in developing hard roads under the \$60,000,000 bond issue voted in Illinois several years ago and the fact that this development would affect only main thoroughfares, leaving miles of market roads unimproved were given by officials as reasons for the action. The committee's recommendation today was intended to cover about 18,000 of Illinois' 95,000 miles of highway.

MANY HOMELESS IN CONSTANTINOPLE

**Thousands are in Dire Need—
Government Faces Bad Situation Unless Help is Given.**

(By The Associated Press)
Constantinople, Dec. 13.—A most serious situation is developing here owing to the presence of several thousand Russians who are stripped of any means of subsistence, combined with thousands of Turkish functionaries who have not been paid their salaries for four months. There also are 100,000 Turkish refugees from Thrace, Anatolia and Macedonia, who are entirely neglected and in a lamentable condition.

Hundreds of refugees are crowding the mosques, where hygienic conditions are not being observed. The government is faced with a terrible catastrophe during the coming months unless the allies render financial assistance, which is considered doubtful here.

GERMANY SENDING WOOLENS TO SPAIN

(By The Associated Press)
MADRID, Dec. 14.—German manufacturers sending to Spain such large quantities of woolen goods at vastly cheaper prices than those charged by Spanish factories that a committee of Spanish manufacturers has requested Premier Dato to adopt measures for their protection. Unless such measures are taken the committee declared many establishments will be compelled to close, making 100,000 persons workless.

IMMENSE DECREASE IN VALUE OF FARM CROPS OF COUNTRY

**Shrinkage Estimated
to Be Nearly Five
Billion**

**WHEAT EXCEEDS
EARLY FORECASTS**

(By The Associated Press)
WASHINGTON, Dec. 14.—Shrinkage of values of the country's farm crops has placed their total worth this year at almost \$5,000,000,000 less than last year, altho the 1920 harvest was one of the most abundant in the nation's history with half a dozen crops breaking records.

The important farm crops, which comprise about 90 per cent of the value of all farm crops, were valued this year at \$9,148,519,000 by the department of agriculture today in its final estimates.

Last year these crops were valued at \$14,087,995,000.

Average devoted to the important crops also decreased the total being 351,062,409 this year as compared with 356,162,112 last year.

The department said in a statement commenting on today's report:

"The final outcome of the 1920 wheat harvest, winter and spring combined, is now estimated at 739,878,000 bushels compared with 834,265,000 bushels in 1919, this being an increase over the earlier estimates for 1920 of 39,230,000 bushels. The 1920 acreage abandoned from winter killing, was less than expected and indicated by the very bad and unpromising conditions on May 1, and the increasingly favorable character of the later season permitted much wheat then considered hopeless to develop and come to harvest."

The statement commenting on today's report adds:

Wheat Exceeds Forecasts.
The reports of increase over earlier expectations of winter wheat produced come from almost every important winter wheat state.

The greatest gain 13,000,000 is in Kansas, the leading producer of winter wheat.

The increase in almost every crop were reported in the revised production figures, as compared with the preliminary estimates announced in November. Corn, with a record crop shows an increase of about 33,000,000 bushels, winter wheat an increase of almost 48,000,000 bushels, spring wheat a decrease of 9,000,000 bushels, and an increase of almost 70,000,000 bushels. Barley increased almost 11,000,000 bushels, potatoes increased 9,000,000 bushels and tobacco increased 32,000,000 pounds.

While the corn crop is a record one, its value this year is \$1,662,000,000 less than last year's crop, which was smaller by 374,000 bushels. The price being paid to farmers for corn on December 1 was announced by the department as 67.7 cents a bushel as compared with \$1.34 a year ago.

LARGE FACTORIES PLAN TO SHUT DOWN

**Either Curtail Production or
Shut Down Entirely—No Orders
in Sight Is Reason Given.**

ELIZABETH, N. J., Dec. 14.—Announcements were made today of the shutting down or curtailing of large industrial plants here.

The main plant of the Singer Sewing Machine company employing 8,000, announced it would close from December 22 to January 5 because of lack of orders.

The Diehl manufacturing company beginning December 18 will make a five wage reduction of 10 per cent in lieu of laying off employees.

At the Moore plant of the Bethlehem Shipbuilding corporation it was stated that several hundred employees had been dismissed in the last three days of officials explaining that no further orders were in sight.

ALLEGED CONVICT HELD IN TEXAS

Laredo, Texas, Dec. 14.—Jim Ashley alleged to have escaped from the Iowa penitentiary a year ago was arrested here today and is being held pending advices from officials. Ashley had spent several months in Mexico.

afford to create a big fund to bring about such a change.

We confess to a feeling of sympathy with the utility companies because of certain increases in their operation costs. Nevertheless the position of the companies in constantly seeking thru their news bureaus to create opposition to municipally owned plants, does not seem quite consistent. Their argument is that the private companies are able to operate on so much lower costs that the publicly owned plants.

If you doubt that people are interested in sports, you should have taken a look in the Journal office about 10:30 last night. The crowd of young men waiting for prize fight returns was almost equal to an election night. And the phone inquiries didn't all come from men and boys.

There are fine chances, it is said, to finding the hard road between Springfield and Jacksonville constructed during 1921. To say that this will be a further argument in Morgan county for the passage of the state constabulary bill and so the police protection it will afford, should not be taken as a reflection upon Springfield. Hard roads make a wonderful addition to the facilities of any county, but they also bring a certain quota of disorder dangers.

In some cities they are now applying the cash and carry system to the delivery of milk. The result has been to bring the price down by quite a satisfactory percentage. As you think of it, why shouldn't people who are in earnest about reducing living costs, be just as willing to pay cash for and carry milk as they are to apply this principle to meat and groceries.

Double Heeled Rubbers
Comfy Slippers, at Hoppers.

Double Heeled Rubbers
Comfy Slippers, at Hoppers.

One plan of Secretary Houston for increasing the government revenues is by an increased tax on amusements. In these days nothing could be more unpopular. The proposal doesn't suit the proprietors of amusement enterprises, any more than it does the public, for a large percentage of the people seek amusement in one form or another, which would be affected by the tax.

Business generally is not considered as satisfactory just now as there is a good deal of financial uncertainty. For these reasons the announcement of recent substantial gifts to Illinois College has especial worth. Two gifts totaled something more than \$50,000 and this substantial addition to the fund makes the endowment campaign practically certain.

The donors are showing their faith in the future of the college, and bearing testimony to their belief that business conditions in this country are fundamentally sound, and that the present period of depression and uncertainty is only temporary.

Rippling Rhymes
By Walt Mason

ALL MEN ARE LIARS
We sit around at evening and tranquilly we lie, and tell of how our cars can climb stupendous hills on high. We used to be truthful lot before the auto came; we used to ween and wist and wot that falsehood was a shame.

And when from fishing trips returned, we stretched the truth a yard, our conscience like a bonfire burned, and scorched us pretty hard. But that was in a time gone by, a time that was in a remote; and how we sit around and lie, each of his old tin boat.

And when we to our beds repair, some auto snores to spring, does conscience, while we're lying there, make night a tormenting thing? Does she point out that falsehood's wrong? She tries that some we've lied so long that conscience is a bore. Our old tin cars are red with rust, they're long since out of style, and something's always sure to bust before they go a mile. We're always tinkering with tools, and hiring farmers with their mules, to haul us back to town. But when we smoke our evening pipes the fiction graft prevails, and Ananias has the gripes if he can hear our tales. And so we sit beside the sea, and tranquilly we lie, of how our autos climbed a tree, and did the trick on high.

Holeproof Hosiery, an appropriate gift for Ladies, Gents and Children, at Tom Duffner's.

Funerals
Maxfield
Funeral services for Robert Maxfield were conducted at 10:30 o'clock Tuesday morning at the Gilliam funeral home, in charge of Rev. A. A. Todd, pastor of First Baptist church. Burial was in Jacksonville cemetery.

Music at the service was furnished by Mrs. Richardson and Mrs. George Stoltz.
The pall bearers were, A. L. Wood, W. F. Tiff, Duncan Ferguson and James Gatens.

MRS. RICHARDSON DIES TODAY AT HOME NEAR HERE

Widow of Late George Richardson Succumbs Following Several Months' Illness.

Mrs. Frances Anne Richardson, widow of the late George S. Richardson, passed away at 12:30 o'clock Tuesday at her home six miles west of Jacksonville near the Point of Jacksonville. She had been failing in health since August of this year. Her son and daughter were at the bedside when the end came.

Mrs. Richardson, although born in England, had been a resident of Morgan county the greater part of her life. She was a woman of fine Christian character and her friendship extended throughout the community. She was a devoted worker for all things good, a member of the Point Methodist church and of the Missionary society.

Frances Anne Rawlings, daughter of Mr. and Mrs. Edward Rawlings, was born in Yorkshire, England, Feb. 13, 1848. She came to America when a young woman and not long after reaching this country became a resident of Morgan county.

She was united in marriage in 1869 with George S. Richardson, who was called to rest Nov. 12, 1918. She leaves two children, Albert E. Richardson and Mrs. Laura M. Wilson, both residing near here, four grandchildren and one sister Mrs. George Fall, of Webster avenue.

The funeral service will be held at the Point church Thursday at an hour to be announced later. The service will be in charge of Rev. W. S. Phillips of Carlville and Rev. J. O. Kirkpatrick of White Hall.

Initial Handkerchiefs at Tom Duffner's.

A COMMUNICATION FROM FATHER FLYNN
To the Editor of the Jacksonville Journal.

In the editorials of yesterday's paper, there is one referring to the disturbances in Ireland to which I take exception.

In this item you quote from a certain history of Ireland the following sentence: "Fighting unceasingly for conciliation and hating each other for the love of God."

Now, kind sir, a square deal and gentlemanly conduct at all times especially in these strenuous days. Kindly quote the author of that history. You well know there are various classes of authors and each actuated by different motives in his writings. Again let the man who proffered that quotation for publication also give his name, and also let the one who composed the item sign his name to it. You demand this of some others, why not from all contributors.

Then lay aside your pencil for a moment and consider the vast number of readers of your paper whose sensibilities are offended by your item and quotation. For the past six years, until recent months, we have admired the Journal for its fair play and unbiased spirit. But from time to time, in recent months, these "innuendoes" have occurred and it is now high time to object. We cannot believe that dense, deplorable ignorance is back of this item, but we rather think there is a sinister motive.

Now let us have a square deal and gentlemanly conduct in such delicate matters. No one but a downright coward, actuated by a biased motive, would give such an item and quotation, unsigned, for publication.

EDMOND V. FLYNN.

WITH THE SICK
Charles Tindall, son of Mr. and Mrs. G. L. Tindall of South Main street, who has been in the Passavant hospital as a result of a mastoid abscess, was operated on last Friday and is now improving nicely.

Mrs. H. J. Sawyer, who has been sick with pneumonia for eight weeks, is improving nicely at her home at 350 East College avenue.

Mrs. E. R. Cox is recovering slowly from bronchial pneumonia at her home on North East street. The many Morgan county friends of Charles S. Rannels will regret to know of his serious illness at his home in Chicago. Mr. Rannels' condition is such that he was unable to attend the funeral of his sister, Mrs. C. M. Duer, or to visit her during her illness.

K. OF P. LODGE 152 CONFERRED DEGREES
There was a large attendance at the meeting of Jacksonville lodge 152, Knights of Pythias, last night, when Chancellor Commander W. Barr Brown convened lodge. The rank of esquire was conferred on Ben H. Denney. Then the rank of knight was conferred on Mr. Denney, Foster A. C. Sheppard and Clyde D. Sturdy. A social hour followed the ceremonies, with an oyster supper and smoker.

ELMER LUKEMAN JOINS LUKEMAN MOTOR CO.
Elmer J. Lukeman, who has been representing the Firstone Tire & Rubber Company in Omaha, Nebraska, has returned to Jacksonville, and will be associated with his brother, George Lukeman in the Lukeman Motor Company.

Mr. Lukeman has had wide experience in the motor and accessory business and is well known in Morgan county.

OLD JACKSONVILLE

EARLY WAYS
By Ensley Moore
(Member Illinois State Historical Society)

In the year 1878, Donnelly, Loyd & Co., of Chicago, published a History of Morgan County, which had its merits, and contained considerable matter of interest.

One point referred to the early day combination of work and fun. In those days almost any excuse was utilized to afford people a chance to meet together.

Corn Huskings
were opportunities for coming together, and the book referred to above had this account of such a gathering:

"In pure pioneer times the crops of corn were never husked on the stalk as is done at the present day; but were hauled home in the husk, and thrown in a heap, generally by the side of a crib, so that the ears when huskers could be thrown directly into the crib. This practice was commonly followed by the early settlers of Morgan county, and was the occasion of frolics known as shuckings or husking bees."

"The corn house filled, the invited neighbors to the husking come. A frolic scene, where work, and mirth, and play, unite their charms to chase the hours away."

The whole neighborhood male and female, says an old writer were invited to these shuckings. The girls, and many of the married ladies, generally engaged in this amusing work. In the first place, two leading, expert huskers were chosen as captains, and the heap of corn divided as nearly equal as possible. Rails were laid across the piles, so as to designate the division; and then each captain chose, alternately, his corps of huskers, male and female. The whole number of working hands present were selected on one side or the other, and then each party commenced a contest to beat the other, which was, in many instances, truly exciting. One other rule was, that whenever a gentleman husked a red ear of corn, he was entitled to a kiss from the ladies. This frequently excited much fuss and scuffling, intended by both parties to end in a kiss.

In some parts of the West it was the practice to use taffia, or Mononghela whiskey, which they drank out of a bottle, each one, male and female, taking the bottle and drinking out of it, and

then handing it to his next neighbor, without using any glass or cup whatever. This custom was common and not considered rude. The bread used at these frolics was baked generally on a johnny or journey-cake board, and is the best cornbread ever made. A board is made smooth, about two feet long, and eight inches wide—the ends are generally rounded. The dough is spread out on this board, and placed leaning before the fire. One side is baked, and then the dough is changed on the board, so the other side is presented, in its turn, to the fire. This is johnny-cake, and is good, if the proper materials are put in the dough, and it is properly baked. Almost always these corn shuckings ended in a dance. To prepare for this amusement, fiddles and fiddlers were always in great demand, and it often required much fast riding to obtain them. One violin, and a performer, were all that was contemplated, at these rural dances.

Toward dark and supper half over; then it was that a bustle and confusion began, which fully equalled the confusion of tongues at Babel. The young folks hurriedly cleared the table, while the old folks contended for time and order. It was the case, nine times out of ten, that but one dwelling house was on the premises, and that used for eating as well as dancing. But when the fiddler commenced tuning his instrument, the music always gained the victory for the younger side. Then the dishes, victuals, tables, and all disappeared in a few minutes, and the room was cleared, the dogs driven out, and the floor swept off, ready for action. The floors of these house were sometimes the natural earth beaten solid, sometimes the earth with pancheons in the middle over a potato hole, and at times the whole floor was made of pancheons. Saved plank, overboards were not at all common in early times.

The music at these country dances excited the young folks to immediate activity, and the dance which followed was similar in character to that which followed wedding festivities. In the morning all went home on horseback or on foot. No carriages were used on these occasions for the best of reasons—they had none."

STAR CAMP R. N. A. ELECTED OFFICERS

Officers are chosen for ensuing Term—Applicants were balloted On.

Star Camp No. 171 Royal Neighbors of America met at Woodmen Hall in regular session Tuesday evening. Following the regular business session the annual election of officers was held. Those elected being:

Past Oracle.—Pauline Gomes
Oracle.—Mary Coffman
Vice Oracle.—Edna Vasconcellos
Chancellor.—Delia Correa
Recorder.—Mary A. Olds
Receiver.—Jennie A. Vieira
Marshal.—Louise Millington
Inner Sentinel.—Martha Day
Outer Sentinel.—Annie Tiff
Manager, 3 years.—Nora Tiff Roach.

Physician.—Dr. J. U. Day
Delegate to the state meeting to be held in Springfield next March, Mary A. Olds; alternate, Pauline Gomes.

At the meeting last night four new members were balloted on. There was a good attendance and it was voted that at the next meeting oysters would be served.

The Style Center for Men

Well Known Independent Team Will Play Legion Team of Virginia At Liberty Hall—Men Working Hard Preparing For Contest.

The Knights of Columbus basketball team which is one of the strongest independent teams in this section will open its season Friday night when it will play the American Legion team of Virginia in Liberty Hall.

The Virginia aggregation is made up of former service men and former stars of the Virginia high school team. It numbers in its personnel Hill, Zimmerman, Cline, Dinwiddie and others. The men have been working for several weeks and say they expect to take home the bacon.

The Knights are minis the services of Froelich and Rexroat, two of the stars of last year's team. However, they have a large number of men trying out for the positions and expect to put a strong combination in the field.

Practice sessions are being held in Liberty hall with Rook a former Routt college star as coach. The men who are trying out are: Rook, Louie Cline, Topping, May, Hamilton, Costello, Flynn, Carson, Hosp, Cain and Maloney. Liberty hall has been redecorated and otherwise improved and is in first-class shape for the basketball season. The game Friday night will start at 7:30 o'clock. It promises to be full of action and those who attend are assured of getting their money's worth.

25% off on Suits, Overcoats, Mackinaws and Trousers for Men and Boys at Tom Duffner's.

Mrs. George Richardson who has been sick for some time, was taken to the Passavant hospital Saturday. Dr. John Wolfe is the physician.

Mrs. Bernice Cooper, Patfish of Bronaugh, Mo., visited last week at Literberry.

W. B. Rogers of Jacksonville was in our town Saturday afternoon between trains.

The Literberry mission circle and W. W. G. girls placed a very pretty golden oak book case in the Baptist church last Saturday.

Rev. W. R. Johnson preached at the Baptist church Sunday morning and evening. The morning scripture lesson was First Timothy 6th Chapter, also Hebrews 13:1-6.

After the reading Mr. Johnson sang that beautiful solo: "A Clean Heart" by F. B. Byrnes. There was no text, but the sermon was a good one, showing the evils of riches when used in a wrong way, or kept to the owner's sorrow. Mr. Johnson said in part, "Give the very best that is in you to Christ and his cause; stand four square for God and your church, leaving self out." The sermon closed by referring to the church at Ephesus, Rev. 2:1-5.

R. L. Bridgeman transacted business in Jacksonville Tuesday.

Miller Keplinger of Franklin was a business caller in the city yesterday.

Mrs. C. R. Short of Murrayville was a visitor in the city yesterday.

J. E. Ward of Virginia spent yesterday in Jacksonville on business.

Mrs. C. Hamming of Murrayville was in the city yesterday shopping.

Adolph Long of New Berlin was a caller on business men in Jacksonville yesterday.

Horace Simpson of Prentice was in the city yesterday on business.

Scott Tranbarger of Franklin drove over to Jacksonville on business yesterday.

FUNDAMENTAL FACTS IN THE BUSINESS SITUATION

J. Weir Elliott, cashier of Elliott State Bank yesterday made reference to forceful statement on the business situation made by Charles H. Sabin of the Guaranty Trust Company. A part of Mr. Sabin's statement reads: "There are some important considerations which should be borne in mind in the present situation by all who seek to analyze it accurately."

In the first place, there is nothing mysterious or unexpected about the present condition in either the commodity or security markets. For months it has been certain, and it has been repeated so often by students of the situation, that there must be a liquidation of commodities, securities and labor before this country could fully recover from the effects of the war and be restored to anything like a normal business basis. It was inevitable that the processes of readjustment should be painful in many respects and in many instances, but that they were and are inevitable was a matter of common knowledge among all who seek to study these problems apart from immediate self-interest. The regrettable thing is that, as commodity and security prices reached points far above their real value in the boom period, so they are today falling to points far below their real value.

"Perhaps the most important of these is for merchants to realize that they too must meet the inevitable economic trend and adjust their prices to meet new conditions. Only in that manner can the situation be stabilized and frozen credits thawed out. I know this is not a pleasant message, but I am firmly convinced that the sooner such a policy is pursued, the less costly and painful it will be to all concerned. The process of deflation must include all the elements in the body economic sooner or later and there can be no escape from the inexorable law which directs it. Dodging the facts or attempting to postpone the inevitable will not bring immunity to anyone, whether his interest lies in production or distribution, capital or labor."

The unfortunate effect in such a situation is always that many innocent parties are made to suffer through ignorance and misunderstandings and also through the spread of false and malicious rumors which such conditions always inspire, with a resulting loss of confidence and panic sales.

"There is so much in the present situation to inspire confidence and hope for the future that it is little short of criminal for anyone to paint the picture so blackly, thru either ignorance or intent, that these vital facts are obscured. To cite a few pertinent facts: This country will harvest this year one of the largest crops in its history; its transportation congestion has been relieved and its railroad system is for the first time in a decade on a sound financial and operating basis; we have passed thru a national election and assured four years of sane administration of public affairs; our banking system has withstood the greatest credit strain in its history and is on a sound and workable basis; the accumulated surplus of five years of splendid prosperity is stored in many ways for our continued use; the markets of the world demand our products and a great mercantile marine is prepared to transport them; this country has not been overbuilt or overextended in any of its underlying activities, and faces no program of readjustment along these lines such as usually precipitates panic conditions. We are in a sounder financial industrial and political condition than any important nation in the world."

Passavant hospital Alumni Association bazar at Magill's Candy Shop, East State St., Wednesday, Dec. 15th.

WILL MEET TODAY

The Ladies of Brooklyn church will be entertained this afternoon at 2:30 at the home of Mrs. J. H. Reid of west Greenwood ave.

Mrs. J. W. Blackwell of Clarksville Missouri and daughter, Mrs. Frank Barrett of Vandalia spent the week-end with Mr. and Mrs. J. W. Blackwell on South Prairie street.

A STRANGE COINCIDENCE

White Hall, Illinois, December 13—George Dyer, residing in the Walkerville neighborhood, eight miles southwest of White Hall, has the champion coincidence in connection with the election of Warren G. Harding, and there is no question arising from confirmation of the story. The story was first told in town Saturday by Mr. Dyer himself. Four years ago, November 2, 1915, a son was born to Mr. and Mrs. Dyer. His friends at that time knowing Mr. Dyer's political preference, questioned him as to naming the son Woodrow. Mr. Dyer demurred, and said he would name him for the future great man, and from that time on the child has carried the name of Warren G. Mr. Dyer says he does not know what the G. stands for, but that the child was christened with that name and he cannot account for its connection with the nomination and election of Warren Gamaliel Harding.

JACK DEMPSEY WINS FROM BILL BRENNAN IN TWELFTH ROUND

(Continued from Page One.)
right to the head. Dempsey was putting more steam into his blows at this stage and hooked lefts and rights to the face and head. Brennan was bleeding from the mouth when he went to his corner.

Dempsey's round.
ROUND FIVE: After some short arm exchanges Dempsey was cautioned for touching his man lightly on the face in the break away.

Dempsey dodged from a right hook and sent three hard rights to the stomach and ribs forcing Brennan into a neutral corner. He hooked his right twice to the stomach and when they came to the center of the ring again drove a hard right into Brennan's mid-section. Brennan sent two rights to the body just before the gong rang but it was Dempsey's round by a good margin.

ROUND SIX: They fiddled for half a minute tapping each other lightly. Then Dempsey hooked his right to the head and Brennan retaliated with two right body blows. They exchanged hard body blows with both hands and Dempsey hooked a stiff left over to heart. In a mixup Dempsey hooked his right to the wind and blocked many attempts by Brennan with his short arm up-deuts.

Dempsey's round.
ROUND SEVEN: Dempsey jabbed left to the face and hooked two hard lefts to the body. Dempsey kept jabbing with his left and missed a right hook. Brennan's return was very light. After some sparring Dempsey drove his right hard to the body, and hooked a short left to the ear. Brennan sent his right to the head but received a stiff punch on the nose from Dempsey's right in return. Dempsey put two right to the head just before the bell.

Dempsey's round.
ROUND EIGHT: After a few exchanges at close quarters Dempsey let go his left at full length to the body. Then he tried a right cross which grazed Brennan's chin. Brennan hooked a left to the face and Dempsey hooked a left and right to the head. Dempsey missed another right cross but came back quickly a right and left to the head shaking Brennan. The going became a bit rougher at this stage with Dempsey having the better of the exchanges. They were fighting in close quarters in Dempsey's corner at the bell.

Dempsey's round.
ROUND NINE: After a moment's sparring with Dempsey on the ropes, Brennan crossed his right to the head. Dempsey came back with left and right to the head. Then he drove a long right to the stomach. At close quarters, Dempsey sent half a dozen short lefts and rights to the body and kept after his man with provoking left jabs. Dempsey ducked into a short right uppercut but sent back left and right to the body. Brennan hooked a left to the face and two rights to the head. Dempsey shot a short left to the body. They were sparring at the bell.

Brennan had a shade in this round.
ROUND TEN: Dempsey danced around prodding left to the head and face with Brennan turning around in the center of the ring. Brennan missed a left hook and Dempsey drove left upper cut to face and hooked three lefts to the head while Brennan was holding with his left. At close range Dempsey used short rights effectively to the head and almost dropped Brennan with a right cross to the jaw. Brennan rocked on his feet and Dempsey hooked a left to the jaw. Brennan altho seemingly in trouble fought back manfully but was forced to clinch after Dempsey had jolted him with a short left and right hook to the face. Brennan looked pretty well used up when he went to his corner.

Dempsey's round.
ROUND ELEVEN: Brennan came out in fairly good shape and they exchanged lefts and rights to the head one which cut Dempsey's ear.

Brennan missed a right cross and Dempsey hooked his left hard to the head.

They exchanged short lefts and Dempsey drove his right to the head. Brennan fell into a clinch to avoid Dempsey's right but Dempsey pushed him off and sent left and right to the body. They exchanged lefts and rights to the head but at close quarters.

Dempsey landed three or four short right arm jolts to the body and neck.

Dempsey's round.
ROUND TWELVE: Dempsey led right to head and Brennan landed a similar blow. They exchanged rights to the head and Dempsey jabbed left to face and put a hard right to the body. Brennan landed left to face and Dempsey sent a right to the body. Dempsey knocked out Brennan with a right to the head.

Brennan crumpled and almost doubled up from the effect of the blow as he tottered toward the floor. Dempsey sent him sprawling on the ropes with a right smash on the head. The blow over the heart had done its work and Brennan, while he tried his utmost to regain his feet only rolled about on the floor of the ring while Referee Haukup counted off the ten seconds. Brennan's seconds rushed in and carried their man to his corner. The champion showed no other outward effect of the battle than a split left ear which bled profusely. The time of the twelfth round was 1:57.

Bring your list to Tom Duffner's. You'll not regret it.

PROPOSE TO RELOCATE NORTH STATE BOUNDARY

Strip of Business District of Beloit, Wis., May Become Part of Illinois if Northern Boundary of Illinois is Relocated.

Springfield, Ill.—A trip of the business district of Beloit, Wis., more than three blocks wide and valued at \$3,419,855 would become a part of Illinois, according to a proposal if sustained to relocate the northern boundary of Illinois which is before the Illinois constitutional convention.

Urban A. Lavery, chief draftsman of the convention's committee on phraseology and style, presented data before the delegates here to show that the northern boundary of Illinois varies from the true latitude of 42 degrees and thirty minutes, as compared with the state line as fixed by the boundary statutes of the United States.

The provision passed first reading in the constitutional convention.

Madison, Wis.—Whatever action the Illinois constitutional convention may take toward moving part of Beloit, Wis., into Illinois will cause but little concern in Wisconsin. Mr. B. Olbrich, deputy attorney general, declared when informed of them over at Springfield.

"Illinois might decide to bring a suit in equity to relocate the boundary," he said, "but the case would have to go to the Supreme Court of the United States before any action could be taken. It is possible that if any such steps are taken that Wisconsin might file a counter claim alleging that the original boundary line of the state would be the correct one. This would bring part of Chicago into Wisconsin."

Neither the land commissioner nor the attorney general here could give reason for the proposed Illinois action. They say that they can see no real basis for claim to the territory. Any active steps taken by Illinois will be contested, it was said.

Wisconsin is at present engaged in land suits with both Michigan and Minnesota over boundary lines.

TWENTY PER CENT CUT IN LUMBER

Spokane, Wn., Dec. 14.—A twenty per cent reduction in the retail price of lumber was announced today by dealers of this city. An over supply of lumber was declared to be the reason for the cut. It is the sixth price reduction in lumber since last February.

MILLIONAIRE NEWSBOY ROBBED OF DIAMOND

Chicago, Dec. 14.—A \$1,200 stick pin and \$300 was taken from Addie P. Fitzgerald, the "millionaire newsboy" of Hammond, Ind., when he was slugged and kidnapped by automobile bandits according to his report to the police today. He declared he saved a \$1,200 diamond ring by slipping it into his shoe.

DELAWARE TRIBE CONFERS DEGREES

Nine Palefaces Given all of Degrees At Meeting Tuesday Night—Smoker And Refreshments Follow.

Delaware Tribe No. 78 Improved Order of Red Men conferred all of the degrees of the order on a class of nine palefaces at the regular meeting Tuesday evening.

The degree staff exemplified the work in a splendid manner and received many compliments from the large number present for their work.

At the business meeting two applicants were twigged upon. The matter of holding an open meeting in the near future was discussed. This will be taken up at the next meeting. It is proposed to have Great Chief of Records Whitmer and other great chiefs present at this meeting.

Following the work the members spent some time socially and enjoyed refreshments and a smoker. The tribe is growing in a satisfactory manner and the members are entering upon a winter campaign which it is expected will add greatly to the membership.

STUDENTS TO ACCOMPANY BODY TO THE TRAIN

South Bend, Ind., Dec. 14.—Hundreds of admirers of George Gipp, Notre Dame football star, who died here early this morning viewed the remains which lay in state tonight. The student body of Notre Dame will accompany the body to the train tomorrow morning where the body will be shipped to Laurium, Michigan, for burial.

Several members of the Notre Dame football team will attend the funeral.

For Typewriters see Laning.

RE-ELECTED PRESIDENT OF B. & O. RAILROAD

New York, Dec. 14.—Daniel Willard was re-elected president of the Baltimore & Ohio Railroad company at the annual meeting of the board of directors here today.

The company's net railway income for the twelve months to December 31, 1920, partly estimated was announced as \$28,283,387, an increase of \$534,563 compared with the preceding year, while the net income, after deducting interest, rents, taxes, and miscellaneous, was \$7,898,700, a decrease of \$633,920.

WEST VIRGINIA MINERS HELD ELECTION

Williamson, W. Va., Dec. 14.—Union miners in the Williamson district including the strikers in the Mingo county field, voted overwhelmingly in favor of the reelection of national as well as district officials in the United Mine Workers election today. David Fowler, international representative in charge of the strike said tonight.

Figures were not available tonight.

Mrs. Carl Erickson of Virginia was in the city yesterday shopping. L. W. Hutson, southeast of the city was a 'business caller' in town yesterday.

CORN FLAKES of SUPERIOR QUALITY

"The Sweetest Story Ever Told"

The sweetest story ever told music lovers is the story of the Brunswick Method of Reproduction. For it is the story of true music.

The Method of Reproduction

The Brunswick Method of Reproduction is the right application of fundamental musical and acoustical laws. It consists of two simple, yet exclusive, Brunswick features now widely known—the Ultona and the Tone Amplifier. Together they operate as a unit.

The ULTONA—a scientific Brunswick creation—simple in structure and it plays all records infinitely better.

With but a slight turn of the hand it presents the proper needle and diaphragm to any make record.

The TONE AMPLIFIER solved an old problem in acoustics. It is oval in shape and moulded of rare hollywood. Like the sounding board of a fine piano it is built entirely of wood. It is absolutely free from metal.

By this method of projecting sound, tone waves are unrestricted and allowed to unfold into full rounded tones that are rich, mellow and, above all, natural.

You buy only one phonograph and you cannot afford to make a mistake. It costs you nothing to be sure. Come in and find out for yourself.

COUNTY HOME INMATES EXAMINED BY ALIENIST

Nearly All Found by Dr. Dollear Fit Subjects For State Hospital—Petition Will Be Filed Today.

Acting on the request of State's Attorney Robinson and Judge H. P. Samuel, examination of 23 inmates of the county home has been made by Dr. A. H. Dollear of Norbury sanitarium. As a result of this examination the state's attorney will today file in the county court a petition to have all these residents of the home adjudged insane and placed under the care of the state. It is understood that there is no doubt as to the mental deficiency of at least 20 out of the whole number. This action is taken in furtherance of the plans of the county commissioners to depart radically from the established custom of managing the county home.

It has been the belief of the board of commissioners, after consulting with Judge Samuel and the state's attorney, that the proper course for the county board for economy and other reasons is to care for any wards of the county at some place other than the home.

The records show that the number of people cared for at the home has decreased very largely in recent years, until the average number there is only about 25 per cent of what the total was at the earlier date. It is revealed upon investigation that most of the

inmates of the home in reality have no proper place there, since they are insane persons and can receive better care at an insane hospital.

It is also a matter of common knowledge that the buildings at the county home are antiquated and out of repair. Grand jury after grand jury has recommended installation of a lighting plant, heating arrangement and new heating arrangement. These things, however, have not seemed feasible to county boards from a financial standpoint as the home has been maintained at a large expense.

It now seems quite certain that all the inmates from the home will be cared for at the state hospital, at private homes or at the county home in some nearby county. It does not follow that the commissioners will immediately offer the county home property for sale. Instead, it is quite likely that they will operate or rent it for the present and thus make it a source of revenue instead of an expense. Then at a later date it can be determined whether it is better for the county to utilize the property in some other way than for a home, or to offer it for sale.

PUBLIC SALE
On Saturday Dec. 18 1 p. m., all of the furniture, household goods and other personal estate of the late Hannah K. Phillips will be sold at public auction at the residence, corner of Diamond and Grove streets.

J. H. Russell, Admr.

Pure Lard, 20 cents. Japanese Market.

TAX WORK EXTENSION IS NOW UNDER WAY

County Clerk Has Figured Out and Work Proceeds—Jacksonville Rate Considered by Increase.

The tax work in the office of County Clerk G. L. Riggs is moving along very smoothly. Mr. Riggs and his assistants have pushed the arduous work with such vigor that they are quite far ahead of last year's record. As a matter of fact, all of the rates have been figured out that are possible at this time, and extension work is already in progress.

There are three rates which must come from the state authorities and these are not expected until late in the present month. Until the state, county bond and Jacksonville registered bonds are received from the state, it is impossible to tell what the total tax rate in Jacksonville will be. However, estimating that these three rates are the same as last year, the total for Jacksonville will be \$6.80. This shows a considerable increase, as the total rate last year was \$5.56.

A large part of the increase comes from the school tax, on which the rate last year was \$1.95, and this year is \$2.66. Another cause for increase is that Jacksonville is now a part of road district No. 7 and subject to the tax of .42. The Jacksonville oil tax of .20 is another new one. There is one tax not assessed this year which was applied last year, the Jacksonville city bond and sinking fund, this indebtedness having been fully repaid.

It should have been stated also that some school district rates are also lacking. These relate to districts which are partially in Morgan and Sangamon or Morgan and Cass counties. There is also one district, No. 122, which includes property in both Scott and Morgan counties. In none of these districts are the rates available.

It is possible that the state commission may increase the value of lands as was done last year, when the commission added 2 per cent. However this is not considered likely in view of the fact that real estate, especially farm lands, is not active at this time.

The indications are now that the tax extension work will be completed considerably earlier than was true last year—that is, provided that there is no unusual delay in the receipt of the rates which must come from the state. The various tax rates which have been figured out are:

UNIVERSITY OF ILLINOIS TO BUILD STADIUM

Board of Trustees at Their Quarterly Meeting Approve Plans for Amphitheatre Which Will Seat 60,000.

(By The Associated Press)
CHICAGO, Dec. 14.—The proposal to build an athletic stadium at the University of Illinois, with an approximate seating capacity of 60,000 was approved by the university board of trustees at the quarterly meeting here today. The stadium was contemplated will be the largest college amphitheatre in the middle west.

No definite plans for the stadium were presented, but under a committee headed by Robert Zupke, football coach, plans are expected to be worked out at once. A campaign for funds will be carried on among alumni and friends of the university. This year's increased interest in football, when thousands were turned away from Illinois field in Urbana was a factor in today's decision.

ARMY DESERTER IS ARRESTED AT CLINTON
Clinton, Ill., Dec. 14.—William Thomas, aged 17 years, an army deserter, was taken from here upon orders from the San Francisco post he deserted some time ago. Thomas, it will be remembered, was arrested about two years ago, in company with a man by the name of George Bond, for grand larceny. He was then sent to a reformatory in Kentucky, from which he had escaped some time previous. Later he escaped from the institution again and enlisted in the army at San Francisco. He will be kept in the county jail here pending the arrival of authorities from San Francisco.

Shoe Sale at Hoppers. All greatly reduced. Buy your shoes now.

PONZI IS NOW JAIL LIBRARIAN
Plymouth, Mass., Dec. 14.—The county jail received a new librarian when Charles Ponzi, quick-rich schemer, became an inmate. After he had finished this morning's chores today he put his mop and broom away and began the work of cataloging the books of the jail library. As a young man he had performed duties of this nature for a university in the south several years ago.

Shoe Sale at Hoppers. All greatly reduced. Buy your shoes now.

RELATIVE DOUBTS WILLER'S SANITY
Lafayette, Ind., Dec. 14.—Frank Doze, uncle of John A. Willers former army captain charged with desertion and embezzlement of company funds, was called to New York today to testify at Willers' trial. Following his arrest, Willers declared he doubted Willers' sanity.

MRS. C. M. DUEK LAID TO REST AT PISGAH

Funeral Services Were Conducted Tuesday Morning—Many Long Time Friends Attended.

Funeral services in memory of Mrs. Caroline M. Duek were held Tuesday. A brief service took place at the home near Diverson and then the remains, accompanied by relatives and friends, were conveyed by rail to Pisgah. A further service was held at Union Baptist church, and notwithstanding the unfavorable weather conditions, a large company of friends gathered. The service was in charge of Dr. Thomas Smith, pastor of Westminster church, assisted by Rev. Mr. Williams, pastor of the church. Mr. Williams read passages of Scripture and then Dr. Smith offered prayer.

Miss Ruth Armstrong of this city sang two solos with Mrs. Annie Smith at the piano. Miss Armstrong also led the company in the singing of several hymns that had been favorites of Mrs. Duek.

Dr. Smith quoted from Romans 8:37: "In all these things we are more than conquerors through Him that loved us, and so that it is a life like that of Mrs. Duek's which gives proof that we can be more than conquerors. Her life was a cure for souls, and unconsciously as she went about doing good and living the Christian life, she cheered many and brought them into ways of righteousness." The minister referred to the courage of the deceased and her unflinching cheerfulness, and her loyalty to her life and said that loyalty is indeed the soul of religion.

Dr. Smith also knew Mrs. Duek as a great mother and said that nothing can surpass the mother love, which "in the days of childhood patches our clothes and in the after years patches our characters, and is indeed our inspiration for the mother love follows us and will not let us go." "What indeed," he said, "would the world be without the mother love? The life of this woman was indeed a poem of victory. We have gathered here to sing a note of triumph and thankfulness, as we realize that her life teaches us the value of those things that are touched with the red blood of sacrifice. Those are the people of worth who live their love and leave the results of their living to God. So our thoughts of Mrs. Duek bring to our minds that 'And that he who shall shine as the brightness of the firmament; and they that turn many to righteousness as the stars forever and ever.'"

The church service closed with a hymn and prayer and then the journey to the nearby cemetery was made. There Dr. Smith conducted the committal service and the company joined in a hymn. The grave was completely hidden beneath the flowers sent by sorrowing and sympathizing friends. It was an unusual happening that Mrs. Duek's burial took place on the 45th anniversary of the death of her husband.

The bearers were Fred Brown, George Brown, Clarence Kenney, Lee Jarrett and John Easley of Diverson precinct, and C. F. Wemple of Waverly.

The flowers were in charge of Mrs. Clarence Kenney, Mrs. E. M. Dunlap, Mrs. J. W. Walton, Mr. and Mrs. L. O. Vaught and Miss Edith Wemple.

PILGRIM FATHERS' BONES EXPOSED

Plymouth, Mass., Dec. 14.—Bones of some of the Pilgrim Fathers were exposed for a time today when the box in which they have been kept was taken from the canopy over Plymouth Rock where it had rested since 1880. The records do not identify the bodies, but two relatively well preserved skulls and other bones found in the casket are reputed to be those of members of the colony who died during the ordeal of the first winter. The canopy is to be removed and the rock reset under conditions that will bring it again to shore level.

FORMER AGENT RETURNED FOR TRIAL

Denver, Colo., Dec. 14.—Max P. Horney, 30 years old, charged with embezzlement of funds totaling \$1,000 belonging to the Chicago, Burlington & Quincy railroad while he was employed as station agent at St. Francis, Kansas, December last, was ordered returned to that city for trial by a United States commissioner today. Horney was arrested here October 13.

DEPARTMENT OF JUSTICE ASKS BIG SUM

Washington, Dec. 14.—An appropriation of \$1,678,648 was asked of congress today by the department of justice to meet deficiencies expected to arise during the current fiscal year. Attorney General Palmer said \$500,000 of this sum would be needed "for the detection and prosecution of crime."

STATES PACKERS' CASE TO JURY

es Moines, Iowa, Dec. 14.—Judge Charles E. Hutchison, special prosecutor in the case against organizers of the Associated Packing Company spent all but the last hour of the session today telling the jury what the state will attempt to prove. He claimed that the scheme originally was fraudulent and that the company was incorporated with the design of defrauding Iowa people.

PROBATE COURT

In the estate of J. H. Jewsbury, the petition of T. E. Fox, appraiser, was allowed and notice of waiver of award made. In the guardianship of Henry Pullam and H. R. Seymour, the petition of J. R. Seymour, the guardian, for authority to invest funds was allowed. The report of the guardian was also approved.

In the estate of Ruth Wilson, the inventory and appraisal bill were approved.

In the conservatorship of James Flinn, the report was approved.

In the estate of Lydia Smith, the final report of Henry J. Smith was approved.

In the estate of Mary Flynn, the final report was approved.

In the estate of T. E. Fox, the executors, Irma and Ulysses Fox, filed a petition asking for the appointment of an appraiser to fix the amount of inheritance tax. The petition of the executors to omit an automobile from the appraisal bill was allowed.

In the estate of Henry Rolfs, the inventory was approved.

25% off on Dress Gloves at Tom Duffner's.

CHRISTMAS VACATIONS

Christmas vacations are soon to begin in schools and colleges of Jacksonville. The various dates are as follows:

Illinois college closes Friday, Dec. 17, and opens Monday morning, Jan. 3. Illinois Woman's college closes Wednesday noon, Dec. 22, and opens Wednesday noon, Jan. 5. Illinois School for the Deaf closes Wednesday morning, Dec. 22, and opens Tuesday morning, Jan. 4. The students will return to the school on Monday, Jan. 3.

The city schools close Thursday, Dec. 23, and open Monday, Jan. 3. All Catholic schools close Wednesday, Dec. 22, and open Tuesday, Jan. 4.

BICYCLES MUST BE KEPT OFF WALKS

Complaints are frequently filed with the police department about flagrant violation of the law prohibiting the riding of bicycles on sidewalks. It is a growing custom for boys to use the cement walks instead of the street pavements. A prominent citizen of the fourth ward was knocked down one night recently when a boy was riding a bicycle without a light rode up to him. The chief of police and assistants are expecting to make special effort to enforce the law because of increasing cases.

TRIAL STAMP SALE

PROCEEDS REPORTED

The complete returns from the sale of Red Cross Christmas stamps in the public schools are not available but the totals given hitherto are practically correct. A money which was raised in the sale goes to the support of the open air school. The results as compiled are:

Person school \$4.18
Lafayette school 148.61
Franklin school 68.36
Washington school 127.29
Rion school 28.90

The percentages thus far on a capita basis are: Washington school 96.3 per cent; Jefferson school 84.8 per cent; Lafayette school 84.4 per cent; Franklin school 40.9 per cent. The best honors belong to the pupils of Miss Davis' room at the Lafayette school, where the percentage was 230.3 per cent. Additional sales made by the schools mentioned and by the other schools of the city will be mentioned later.

CEDAR CHESTS

A. H. T. A. OPPOSES

CHANGE IN NAME

At a recent session members of the Anti-Horse Thief association went strongly on record as opposed to changing the name. The vote was 63 to 21. The proposal had been made to change the name to the Anti-Horse-Automobile Thief association. The association went on record as favoring the proposed change in the jury law which would make a finding by two-thirds vote legal. Another proposition looked upon with favor was an Illinois camping law, providing that no person shall camp within 300 feet of a residence without obtaining permission, nor in front of a church or school house.

I. C. ENDOWMENT FUND IS GIVEN BIG BOOST

Gifts of More Than \$50,000 Announced by Trustees—Central Illinois Farm Worth \$40,000 is Included in Donations—Success of the Campaign Now is Assured

The trustees of Illinois college yesterday had the pleasure of announcing thru President Rammelkamp gifts to the college totaling more than \$50,000. One of these gifts is a tract of 206 acres of central Illinois farming land worth more than \$40,000. This gift was announced to the trustees by Mr. Thomas Worthington and the donor, who wishes his name withheld, is a man largely interested in the cause of Christian education. Another gift of \$10,000 was made known. This is by a woman now resident in Washington, D. C., who also requested that her name be withheld in connection with the subscription. It was stated that this generous donor is a descendant of one of the founders of the college and has assisted in a liberal way in previous campaigns. Since these gifts bring the total of the fund raised in this endowment campaign to considerably more than \$300,000, the trustees have every confidence that the additional funds necessary to make certain the \$125,000 of the general education board can be secured. It will be remembered that the campaign for the \$500,000 fund is to be completed in the coming year. The trustees adopted a suitable memorial on the death of T. J. Pitner, who had been so long associated with the work of the board. Horace H. Bancroft, assistant campaign director, was present during part of the session and made an interesting report to the trustees. Among non-resident trustees present were Frank R. Elliott and H. J. Dunbaugh of Chicago; George W. Govett of Quincy and John J. Bergen of Virginia. Two sessions of the board were held at the home of Dr. Rammelkamp and the trustees were luncheon guests there.

FUNERAL SERVICES FOR MRS. S. W. NICHOLS

Long Time Resident of City Buried Tuesday—Services At Congregational Church.

A large audience gathered in the Congregational church Tuesday afternoon to attend the funeral services of Mrs. Samuel W. Nichols. The services were in charge of Rev. W. E. Collins, pastor of the church and were of a very appropriate character. The choir included Mrs. T. P. Carter, Mrs. A. R. Gregory, Messrs. Marcus Robinson and B. F. Lane, and they sang several hymns which Mrs. Nichols had prized during her lifetime. Willard Wesner was the organist.

Mr. Collins read passages of Scriptures suitable for the solemn occasion and then offered a fervent prayer. The minister then spoke briefly in a personal vein, simply, as he knew would be the wish of the deceased. Mr. Collins said in part:

"We come together in Christian fellowship and as friends to pay our tribute to this sweet, simple honest and heroic life. It has been only a few short months since I extended to her the right hand of fellowship and there has been a personal relationship between us, as she has talked to me of the church and of her faith in God. The hymn we have just heard was indicative of her spirit, for almost with her last words Mrs. Nichols said, 'Thy will be done.' What a nation ours would be if all mothers had the faith and devotion that marked her life—if all wives had her faithfulness and unselfishness. It is lives like that of Mrs. Nichols that solve the problem of the family, that give this nation the strength that comes from Christian homes. It was her unending faith in God, her wish to follow in the footsteps of the Master, that made her life and service possible."

"So today we can truly think of her as one of God's gentlewomen. Her life was not characterized by its quantity so much as by its quality. She was a disciple just as were Mary and Martha. It is in such a life that the divine quality is revealed. In lives where there is a willingness to leave the quantity to God. Because our friend trusted God in simple faith and walked hand in hand with her Master, today we revere her memory and know that she has passed into that larger life which is prepared for the saints of God."

The pulpit and choir were massed with beautiful flowers and the grave at Diamond Grove cemetery where the cortege moved was buried beneath a bank of fragrant blossoms. There Mr. Collins said the committal service.

The flowers were cared for by Mrs. H. C. Clement, Mrs. C. E. Hodgins, Mrs. James Pratt, Misses Alice and Helen Mathis and Miss Leek. The bearers were Messrs. J. E. Osborne, C. A. Osborne, H. C. Clement, H. J. Rodgers, L. S. Doane and John B. Stehert. Members of the park board attended the service in a body, as did members of Matt Starr post G. L. R.

For Typewriters see Laning.

WILL VISIT SON

Mrs. Abe Jones expects to leave today for New Orleans for a visit with her son, Lee Jones who is stationed there with the coast artillery.

AUTHORITY GRANTED TO OPERATE BUS LINE

Springfield, Ill., Dec. 14.—Authority to operate a passenger and freight bus line between Aurora, Elgin and Big Rock in Kane county, and Chicago and Fulton in Whiteside county was filed with the State Public Utilities commission by the Smith Bus Line company today.

FINISHED PRODUCTION

Des Moines, Iowa, Dec. 14.—The Iowa Farm Bureau Federation had produced on the part of Iowa farmers and livestock producers as a means of advancing prices in these commodities would not benefit the farmer, but only cause him to pay more for his goods than he is now. E. H. Cunningham, secretary of the Iowa Farm Bureau Federation said here today.

CONGREGATIONALISTS IN FURTHER SERVICES

Non-Resident Pastors Extended Greetings—Religious Education General Theme.

Another of the series of dedicatory services of the Pilgrim Memorial was held at the Congregational church Tuesday evening. Representatives of general church organizations and several churches were present to assist in and to manifest their interest. Rev. A. E. Beddoes of Beardstown, who is moderator of the Springfield association, presided. The large audience which assembled joined in singing a hymn, "Go Labor on, spend and be spent." Prayer was offered by Rev. C. C. Smith of Alton.

There were short addresses with especial relation to religious education by the chairman and by Rev. H. I. Parrott, pastor of the Congregational church at Springfield. Miss Lorene Deweese sang a solo, after which Rev. J. O. Farris of the Congregational church of Rosemond spoke. Mrs. Farris is one of a few women ministers in this part of the state. She had the privilege of attending the international Sunday school convention at Tokio and brought a special message from the Christian workers in China and Japan.

Mr. Paul R. Reynolds of Chicago, assistant secretary of religious education department of the Congregational church, was the next speaker. Mr. Reynolds, who has been in Jacksonville before, made most interesting comment on the progress and the possibilities of the religious educational activities of the church.

Greetings were read from President Henry Churchill King of Oberlin college, who is moderator of the national Congregational church association, and from Dr. McKimley of Galesburg, moderator of the Illinois conference of Congregational churches. The ministers from neighboring cities in their addresses extended greetings from their congregations.

Altogether it was a very helpful and inspiring service. Tonight the members of the church are to gather for the annual supper and business meeting.

Social Events

Tuesday Club Met

Members of the East Side Tuesday club were entertained at the home of Mrs. T. O. Hardisty, 7 Duncan Place. The members answered to roll call with Christmas hints. The paper of the afternoon was by Miss Elizabeth Laurie, who discussed Sumatra. An interesting discussion followed, and the program was of more than usual interest.

State Street Society

The Missionary Society of State Street church met Tuesday afternoon at the home of Mrs. W. H. MacBach. It was a Christmas roll call meeting, each member answered her name with a Christmas thought or an item about China. The ladies brought various little curios from China, which they happened to have in their houses. The refreshments were served by two little girls who were dressed in the picturesque costume of the Chinese. It was an original and interesting meeting.

Strawn's Crossing Club

Met With Mrs. Strawn. The Strawn's Crossing Club held its regular meeting at the home of Mrs. Edward Armstrong yesterday afternoon. All the members were present and a goodly number of guests. Mrs. William Cleary presided. A paper written by Mrs. Robin Strawn, her subject being "Old songs and stories" was read by Mrs. Frank Green. Mrs. William Thompson gave a paper on the life and work of Fannie Crosby. Both of the papers were interesting. After the social hour, light refreshments were served. The next meeting will be with Mrs. William Cleary, Tuesday, December 28th.

MARTIN R. JOYCE PASSED AWAY TUESDAY

Well Known Resident Dies At Age Of 86 Years—Had Been Resident Of County For Over Sixty Years.

Martin R. Joyce one of the county's best known residents passed away at his home three and one half miles southwest of the city at 3 o'clock, Tuesday afternoon.

Deceased was born in Ireland 86 years ago and came to this country when 14 years of age. He first settled in Kentucky, where he spent three years, coming to Illinois when 17 years of age and practically all of the time since has been a resident of Morgan county.

In January, 1883 he was united in marriage to Miss Mary Cain of this county who preceded him in death last year. He is survived by four sons and two daughters, John E. Joyce of Rockbridge, Austin Joyce of Greenfield, Mary L. Joyce, Lillian Joyce, Grattan Joyce and William Joyce residing at home. He also leaves two grandchildren Margaret Effie and William A. Joyce of Greenfield.

Throughout the long years of his life Mr. Joyce followed the occupation of farming and was eminently successful in that work. He is the owner of several large farms in this and other counties of Illinois. At one time he also owned property in Jacksonville, having built the building now occupied by Howard Underwood's shoe repairing establishment in South Main street.

Mr. Joyce was a member of the church of Our Savior. Integrity and honest dealing marked his life and he held the esteem of all with whom he came in contact during his long residence in the county.

No arrangements have yet been made for the funeral.

PEOPLES FURNITURE CO., 209 So. Sandy St.

MORGAN COUNTY FARM BUREAU NOTES

The Morgan County Farm Bureau will hold a live stock survey before the first of January, 1921, for market purposes. These surveys will be held four times a year and the results will be used by the Illinois Agricultural Association. In this way they hope to work out a scheme that will help stabilize the prices of live stock.

The farm bureau is planning a series of meetings through the county that are hoped will make the farmers of this vicinity take increased interest in their live stock and in the methods of improving their soil. Many people have inquired of the farm bureau about clover seed. Inquiries from Kentucky and North Carolina have been received at the farm bureau of free asking about clover seed in this vicinity and some clover seed of this district may be sent to these places for experiments.

DISCUSS PLANS FOR CHILDREN'S D. A. R. IN CITY

Rev. James Caldwell Considers Fostering Program of Junior Work Here.

A new organization here is under way, this afternoon, a chapter of "The Children of the Revolution".

At the meeting of The Reverend James Caldwell Chapter of the R. A. R., at Duncan Memorial, today, the program is given over to this proposition. The proposed Chapter will have James Caldwell Chapter of the D. A. R. and the members will be the children of the Daughters of the Revolution.

The children's librarian of the public library, Miss Bowman, is making a talk. Miss Bowman was a member of The Twig Society, as the Branch of the Children of the Revolution, is called in Rome, New York.

She explains the uses and advantages of such an organization. The Twig Society was made up of little girls from eight years of age up to the age when they became regular D. A. R's.

She remembers the different holiday celebrations. On the Fourth of July, the little girls always went to a nearby Revolutionary monument and had a ceremony. They washed the flag and some years the mother chapter would give them a new one to present. On Washington's birthday, they gave a cotillion, invited the little boys and wore Martha Washington costumes.

Rome is near Herkimer, New York. General Herkimer's home. They often made pilgrimages there. The 12th of August is Fort Stanwix Day, the anniversary of the battle of Fort Stanwix. Their program that day was wreathing the old guns of war-days. The "Twigs" sewed samplers, copied from their mother's old ones, and once made a quilt for a poor family.

Miss Bowman makes the need of a

similar branch, here very emphatic. Then some of the children of this chapter are giving their reason for wanting this society. They are intending to include both boys and girls in this one.

The children appearing on this afternoon's program are Miss Minna Margaret Adams, Miss Ursula Brookhouse, Miss Margaret Virginia Capps, Master Danskin, and Harry Capps, Jr. The committee on this proposed D. A. R. includes Miss Josephine Morey, Miss Grace Gilliam and Miss Frances Mary Strawn.

Many women have racked their brain over the question, "What shall I give him?" Here's an answer: A BRAXTON Belt. He will esteem your thoughtfulness every day. These are sold by FRANK BYRNS Hat Store.

THE EMERGENCY SHELTER IN THE HOUSE-KEEPING BUSINESS

Unexpected company with a cupboard as bare as old Mother Hubbard's fades the smile from the face of the friendliest hostess. On the other hand if she can feel secure in a proper table it gives cordiality to her hand-clasp even if the unexpected visitor has a list of ailments as long as the Moral Law and a tongue that wags on nothing else. Moreover it is as much good business in the home to be everlastingly ready for every-day emergencies as it is in the factory. The head of a family who can invite a friend into dinner any old time with no concern, confident that everything will be all right, respects his wife as an efficient business partner even if he says little about it. The grown son who has been from home awhile, is apt to grow vociferous when he comes back in his appreciation of the mother whose table is a "sure-fire" success; while boys and girls of the "eating age" are not found meeting questionable acquaintances in parks or restaurants, if they know that they can take their friends home, sure of pleasant entertainment and an inviting table.

Many a friend who seems witty and smart to a youngster in the park with the "crowd," sounds common and coarse in the bosom of that same youngster's family and will be dropped without question after a single exhibit. I asked a friend, the mother of five, whose welcoming smile for the stranger has not yet been known to fail, to give me the three recipes that she found most useful in her business of preparedness. I may say she always has on hand, jellies and pickles, preserved and canned fruits, a box or two of preserved ginger and some crackers and cookies in cartons.

Here Are the Recipes. Corn Chowder—Small piece of fat pork, one sliced onion. Cut pork in small pieces, fry and cook onions in fat. Scald 5 minutes, drain and add to fat with 2 cups of boiling water. Cook until soft. Add one can of corn to the potatoes and heat. Also add 4 cups of milk, three tablespoons of butter—or butter substitutes—or 1-4 cup of cream.

Baked Deviled Ham and Asparagus—One can of asparagus with tips cut from stalks, 1 cup of milk, 2 tablespoons full of flour, one tablespoon of salt. Make white sauce of milk, flour and butter; cooking until thick. Heat the asparagus tips in the sauce. Spread thin slices of toasted bread with deviled ham. Lay alternate layers of toast and asparagus in a baking dish. Finish with the creamed tips and bake 20 minutes.

Deviled Ham Croquettes—Mashed potatoes and deviled ham are the ingredients. Roll potatoes into croquettes three inches long, make hole in center and add 1-2 teaspoonful deviled ham. Fry in deep fat. This same housekeeper, as her fruit jars become empty, fills them with beets and carrots from the vegetable cellar, so all they need to be ready for the table, is a few minutes over the fire.

Walsh Electric Co. 300 E State Both Phones 595

EVERY DAY IS DOLLAR DAY IN THE LEGION CLUB

Count me in as a member of the "We Have Not Forgotten" Club. Here's my contribution, \$..... Sign here:

Mail to The Journal. Make checks payable to State Finance Officer, The American Legion.

Every day is Dollar Day in the Legion club rooms at Springfield. John Burley, once a lieutenant in the Fifth Division, later a patient in a tuberculosis hospital at Springfield and now caretaker at the club, shoves a subscription sheet at every Legionnaire who comes in.

"Sign here," directs Jawn.

"How come?"

"Sign and slip me one buck—it's for our buddies in the hospitals. I served several months there, and I know how the fellows feel like everyone had forgotten them. We'll show 'em, though, when Christmas rolls around."

And they all sign.

There's no attempting to back out. Almost every ex-doughboy, and gobs and leathernecks know how dreary and cheerless a hospital can be, even though a good one.

For sixteen hours of every tubercular ex-service man's day is spent in bed. He's supposed to rest, and not even think. But how can he keep from it. He's bound to think—and worry. There's the wife and the youngster, perhaps a hundred miles away. "Wonder how they're getting along? Will I ever get my compensation. I filed six months ago. Will I be able to convince a hard-boiled desk official in Washington that I am really sick or just playing 'gold brick' to get a pension? Wonder if anybody gives a darn whether I get well or not. I wonder!"

Somebody cares, buddy! You tell the world your old side kicks are caring, and they'll show you before long. They're inviting everybody who does care to contribute to a big fund to see that you are cared for as you should be. To see that the wife and the youngster, and the dependent father and mother are looked after.

It's the Legion that's behind it, but they invite any citizen who cares to contribute to join their "We have not forgotten club."

"Don't give till it hurts," say Department Commander McCauley. "It isn't necessary. Fifty thousand dollars will be enough for the next six months. After that The American Legion will be able to do the work itself. But we want that fifty thousand before Christmas."

The Journal will be glad to receive contributions or checks or cash and forward them to the State Finance Officer of The American Legion at Springfield.

A PATHE—THE GIFT And doubly so that now you get \$25 worth of records free. A full line here. PEOPLES FURNITURE CO., 209 So. Sandy St.

IS READY TO TALK SAYS MRS. ANDREWS

Wants to Give Tanlac Credit for Her Wonderful Restoration to Health

"Well, I've only taken three bottles of Tanlac so far, but my relief is so great that I am ready right now to tell about it," said Mrs. Lula B. Andrews, Chatham, Ill.

"Last winter I had influenza and it left me in a very weak and run down condition. I couldn't eat much, and what little I did eat soured and bloated me up until I nearly smothered, and I had such terrible pains in the pit of my stomach I could hardly endure it."

"My legs and back ached so bad I could hardly move around and if I stooped over it just meant agony to me when I straightened up again. I was so nervous I couldn't sleep, and even in day time the least little noise would upset me completely."

"But Tanlac brought about a great change, for now I am eating like I did years ago, without having the least trouble, and the pains in my body are so much better I hardly notice them. In fact, I am feeling wonderfully better in every way, and am still gaining in weight and strength every day, and I certainly want to give Tanlac credit for my great improvement."

Tanlac is sold in Jacksonville by J. F. Shreve, Wyle Drug Co., Franklin and Waverly and leading drug store in every town.—Adv.

Oil and Grease Two Most Important Cold Weather Factors

It's Poor Economy to Neglect Your Car at Any Time, but More so in Cold Weather

If the parts of car carrying oil and grease are not properly cleaned out and new applied cold weather soon hardens the summer's accumulation and you suddenly will find you've been running with practically no lubrication whatever—a dangerous thing.

If you intend running your car this winter, by all means have it first gone over and every part carrying oil or grease thoroughly cleaned and new proper cold weather oils and greases put in. This is not at all an expensive job, but is highly important to a car owner.

Also let us see that the radiator is not leaking, and supply it with the necessary alcohol for winter.

GARAGE AND SERVICE STATION

We Carry a Full Stock of Carburetor Parts.

Order your Transfer Supplies this week—

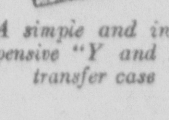

"Y and E" Transfer cases in wood, steel, or fute board; many sizes and styles

A simple and inexpensive "Y and E" transfer case

"Y and E" folders, of every kind including the famous "Y and E" expanding folders

"Y and E" guides for every kind of filing

ON December 31st every file in your office should be clear and clean, waiting for 1921 papers.

To do this, you will need new folders, guides, labels, perhaps new transfer cases.

This year the demand for transfer supplies is far greater than usual, due to the unusually heavy correspondence of the past few months.

Many of our customers have already ordered their transfer supplies, in order to be assured of having them on hand when they are needed.

Telephone us today, and let one of our service men show you exactly what you need. Ask to have him bring you a copy of the new "Y and E" Transfer book.

CHAPIN HOUSEHOLD SCIENCE CLUB MEETS

Annual Open Meeting of Club at Home of Mrs. John Eiler — Red Cross Chapter Meets — Other News Notes From Chapin Vicinity.

Chapin, Dec. 14.—The yearly open meeting of the Household Science club was held at the hospitable home of Mrs. John Eiler on Thursday eve, Dec. 9th. Owing to the unfavorable weather the crowd was small but those in attendance reported an enjoyable time. Refreshments were served during the evening.

The Red Cross chapter held a business meeting following the church services at the Christian church Sunday evening. New officers were elected namely: W. W. Woodward, president; Fred Schuler, vice pres.; Mrs. W. W. Anderson, secy.; T. V. Markham, treasurer. There were also reports from various committees.

Mr. and Mrs. George Hays, maker visited relatives in Winchester last Friday afternoon.

Roy Adams of Clinton, Iowa, has been visiting at the home of Mrs. Margaret Moody.

Joseph Baldwin left Monday morning for Nebraska where he will visit friends at several places. He expects to return home for Christmas.

Miss Hazel Antrobus of Griggsville spent the week-end with home folks.

Miss Gladys Kopp, surgical nurse at Passavant hospital, spent Sunday with relatives.

Mr. and Mrs. Roy Craven of Beardstown visited the former's patients Sunday night and Monday morning, after a visit with his sister Mrs. Joseph Detmer at Brunswick, Missouri.

Mr. and Mrs. Bernard Allen of Versailles spent Sunday with home folks.

W. H. Rigg recently purchased the Owens property in the south part of town.

Mr. and Mrs. Geo. Haymaker have gone to Springfield where he will work in a blacksmith shop this winter.

J. C. Flemings was called to Chicago Saturday night by the illness of his wife.

Mrs. McKinney went to Springfield Sunday evening to see to bringing home the body of Charles Cull.

The following in an autobiography of Chas. W. Cull: "A short sketch of my life."

Charles William Cull was the oldest son of James and Florida Cull and was born in Elkhorn township near Mount Sterling, Brown county, Ill., Dec. 29, 1896 and died at Riverton, Ill., at the Sagamon county sanitarium, Dec. 1, 1920.

He leaves to mourn his early departure his father, James Cull, foster mother, Mrs. James Cull, two brothers, Patsy and Albert of Chapin, Ill.; his aged grandmother of Browning, who reared him from his childhood, as his mother succeeded him in death fifteen years ago; an uncle and aunt, Mr. and Mrs. Lou Craig of Browning, Ill., his father-in-law James Bowker of Peoria, Ill., and a host of relatives and friends. His life was spent in and around Chapin, Morgan county, Illinois, excepting two years he lived in Peoria.

He met and married Lola Winifred Bowker of Versailles, Ill., on December 29, 1917, who preceded him to that Great Beyond in December 1918. Their lives were happy during their short time together, but his life was broken by this day of sorrow.

He was a true friend of all whom he came in contact with and during his last few months on earth he wanted to be with God and in that beautiful place where there is no sorrow or death.

NOTICE TO FILE BILLS

All persons who have claims against Morgan county are requested to please file them not later than Thursday. The county board will convene in regular session Monday, December 20. It will be a short week and the early filing of bills is necessary if payment is made before Christmas.

GEORGE L. RIGGS,
County Clerk.

INVENTORY CASS COUNTY PROPERTY

County Commissioners Visit
County Farm for Annual Inventory—Smallpox Prevalent in Virginia—Other Virginia Items.

Virginia, Dec. 14.—The Cass county commissioners, R. H. Lowden of Virginia, G. W. Armstrong of Chandlerville and F. H. Kleker of Bluff Springs and County Clerk Henry Jacobs spent Thursday at the county farm making an inventory of the county property. The total amount they found to be \$6,188.95, itemized as follows:

17 head of horses, appraised at \$1,600.
52 head of pigs at \$1,094.70.
Poultry at \$150.
Farm implements at \$1,415.
Grain \$1,501.95.
Fruit, etc. 7292.
John Thompson who has served as superintendent for the past 21 years, has resigned and Mr. Benjamin Hall of Chandlerville was appointed as his successor. The salary paid is \$1,200 per year. Mrs. Hall will act as matron at a salary of \$400 per year. They will take charge of the farm March 1, 1921.

Owing to the prevalence of smallpox in this city, all children attending school are ordered vaccinated by the board of health. The disease is in a mild form but has been prevalent for several months and new cases are being daily reported.

William Boyd had the misfortune to lose a horse Monday evening while driving about the city. The animal stepped on an electric wire which had broken and fallen in the street, and was instantly killed.

Mr. and Mrs. T. T. Long of Springfield spent Sunday in this city.

The Virginia basketball team played the Easton ball team at the high school gymnasium Friday night. The score was 23 to 21 in favor of the visiting team.

Miss Frances Fairfax of Chicago is the guest of her parents, Mr. and Mrs. Lionel Fairfax.

Mr. and Mrs. Harley Boyd are the parents of a daughter, first child.

Mrs. Uel Rodgers was taken to a Springfield hospital Sunday for medical treatment.

A Stubborn Cough Loosens Right Up

This home-made remedy is a wonder for quick results. Easily and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2½ ounces of Pinex into a pint bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you get a full pint—a family supply—of much better cough syrup than you could buy ready-made for three times the money. Keeps perfectly and children love its pleasant taste.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., St. Wayne, Ind.

LITERBERRY SOCIETY HAD FINE PROGRAM

Mrs. Wayne Dinwiddie Hostess at Recent Meeting of M. E. Society—Other Items of Interest from Literberry.

Literberry, Dec. 14.—The Literberry M. E. society met in regular session on Wednesday at Walnut Grove Farm with Mrs. Wayne Dinwiddie. After the devotionals and business hour were over, the time was given to the children. They had a short program which was as follows:

Song.

Reading, Social Christmas, by Mrs. Charles Clark.

Piano Solo, The Blue Bird Song—Catherine Thompson.

Recitation, Christmas—Irene Thompson.

Recitation, About Christmas Times—Leland Rolf.

Piano Solo, Turkey in the Straw—Catherine Thomson.

Recitation, Santa Claus—Betty Rolf.

A Letter from Santa—Mrs. Mary Dinwiddie.

After a song all were invited into the parlor, where was erected in the center of the room a beautiful Christmas tree loaded with presents. The children were delighted; so were the parents, for the joy it gave them to see the children so glad.

Mrs. Clarence Thompson stripped the tree and every one received a present. After a social hour refreshments were served, consisting of buns, baked hen and sage dressing and gravy, baked beans, pickles, fruit salad, coffee, and "airy fairy pudding" served in pretty cups, decorated with a tiny jaybell in the center of each dish. Pink sauce was the dressing to this new kind of pudding. There were the usual trimmings to the service and everything was good and in great quantity.

The rooms were decorated in keeping with the Christmas time, with bells, red and green ribbons, tinsel, cedar and other pretty things. A good offering was taken, and the meeting closed.

House Wiring

We are equipped to handle satisfactorily and quickly any job of electrical wiring. Estimates furnished.

DIAMONDS—Charlemagne's Gift

"Charlemagne's gift was a single diamond cunningly wrought into a ring for the finger. 'For,' said he, 'no other gem is worthy of her beauty, purity and radiance.'"—Ridpath.

THEN, only a Charlemagne could give a diamond, finely mounted. This kingly gift has NOW the virtue of a true economy—especially when purchased here.

Unless you are a diamond expert, your purchase of a diamond should be made from a firm of known integrity

and with an established reputation as diamond merchants.

For many, many years we have served the people of Jacksonville and vicinity in this capacity, and you may purchase from us in perfect confidence of receiving the greatest value for the amount expended.

HAND WROUGHT JEWELRY

Your attention is directed to our exclusive display of exquisite hand-wrought platinum diamond jewelry in bar pins, rings and scarf pins.

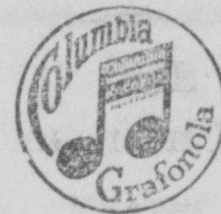

Thousands of Fine Gifts Are Shown Here

We are proud of the magnificent and comprehensive display we are able to make, and not the least are we proud of the very reasonable prices we offer. Suitable gifts of sterling quality can be had here at from fifty cents up.

DON'T NEGLECT A COLD--TURPO WILL CHASE IT OVERNIGHT

This Preparation, Made of Turpentine, Menthol and Camphor, Skillfully Combined in Salve or Ointment Form, Gives Immediate Relief for All Cold Troubles and Congestions

During the past severe winter, air passages, when colds and the serious illnesses resulting from the neglect of colds were so prevalent, Turpo, the Turpentine Ointment, protect 2 thousands of homes right in your neighborhood. It is a clear ointment or salve, in which is skillfully combined distilled Turpentine, Camphor and Menthol--remedies known to every doctor and pharmacist of their value in the treatment of colds and other ailments. Applied externally, Turpo carries the curative properties of these well-known remedies right through the skin to the root of the trouble, affording immediate relief in all colds and congestions. By checking a cold in its early stages Turpo prevents its development into something more serious and acts as an antiseptic and healing agent in the nose, throat and

Mothers find Turpo especially valuable to check children's colds at the very beginning--in this way keeping the youngsters healthy and free from severe colds, croup, tonsillitis and other troubles all through the winter. Turpo is a recognized household remedy--clean looking pleasant smelling. It does not stain the clothing or blister the skin. Doctors recommend it because they realize its value in preventing slight colds developing into serious illnesses. No household medicine cabinet should be without a jar of Turpo. It is sold by all druggists in white opal jars with the orange and black label, at 30c and 60c. Your money will be cheerfully refunded if you are not satisfied.

TURPO

For every Cold and Congestion

Daily Market Report

WHEAT PRICES ADVANCED TUESDAY

By Associated Press. CHICAGO, Dec. 14--Wheat prices advanced today influenced more or less by action of the United States senate looking to a relief of the farmers. The market closed unsettled 15c to 35c net higher with December \$1.70 and March \$1.64 1/2. Corn gained 1 1/2c and oats 3/4c to 3/8c in provisions the outcome varied from 25c decline to 10c advance.

Bulls in the wheat market received encouragement not only from steps taken to facilitate government aid to agricultural interests but also from fresh signs that the period of liquidation in grain was at an end. Meanwhile exporters and millers were sold to be active bidders and Poland was credited with taking 750,000 bushels of wheat and 40

EGYPTIAN RELICS ARE RECEIVED

Were Brought by Dr. J. H. Breasted, Professor of Oriental History—Arabs Now War on English.

Chicago.—Fresh from the Near East, 37 big boxes of relics of ancient Egypt and Babylonia are now being unpacked at the University of Chicago. They were brought recently after an adventurous trip by Dr. J. H. Breasted, professor of oriental history and Egyptology. In the judgment of museum officials here, they make the oriental museum at the University of Chicago the finest of its kind in the United States.

The university professor and his staff of four were the first white men to cross the Arab state after it was proclaimed, going from Bagdad to Aleppo. At times the expedition travelled at great personal risk.

The aim of the party was to survey the most important buried cities of the Near East in regard to the work of excavation. Dr. Breasted said he saw ancient cities, new mounds of ruins, that were not on the map, and were totally unknown to science.

Because of the knowledge of conditions in the country behind Syria Dr. Breasted was asked by the British government at Cairo to go on a diplomatic mission to the foreign office at London and at the expense of changing his plans for returning home, he did so, Dr. Breasted disclosed here.

The traditional friendship of the Arab for the English has now turned to hatred, Dr. Breasted reported. This, he said, was due to the British giving over Syria to the French after they had promised the Arabs their own kingdom in recompense for the help they gave the British against the Turks.

British political agents were being murdered by the Arabs in Mesopotamia while the University of Chicago expedition was in that country, Dr. Breasted said. He related that a British colonel who knew the Arabs ultimately was later killed at the camping place the university party had stopped at a short time before.

The English rule in Mesopotamia is however the greatest blessing that ever came to the country," Dr. Breasted said. "It is accomplishing wonders in quieting the turbulent Arabs and in bringing in civilized conditions. Any one who knows the Near East cannot fail to rejoice at the British occupation, and most of all the archeologist."

Notwithstanding this hostility to the British, the party determination to push on without interruption across the Mediterranean. They fortunately found the Arabs friendly to the Americans.

One of the prizes brought back to the Chicago Oriental museum is an Assyrian prism chronicling the destruction of Sennacherib's army before Jerusalem. This great Assyrian king had carried a host against Jerusalem and sorely troubled Hezekiah, king of Judah. It is related in the book of Isaiah that Hezekiah sent for the prophet Isaiah, that Isaiah prophesied that Sennacherib would not enter Jerusalem but would return to Assyria by the way that he came, and that the Assyrian army suffered a great destruction.

"This is a six sided prism containing the royal annals of Sennacherib," Dr. Breasted said. "It relates the chief campaigns of his western wars and chronicles the incident told of in Isaiah. There is a similar prism in the British museum, but ours is three years older, and it is the first in the United States."

A flint knife blade with a sharp edge, which Dr. Breasted characterized as the finest piece of chipped stone known to man, is another of the prizes of the collection. Still another was a small blue vase from Egypt, where glass was first used, which the professor said showed the first artistic use made of glass.

A picture of early Egyptian home life is afforded by a group of 25 figures found in Egyptian tomb. Servants making bread, washing, making music on a drum and doing other familiar things about the house 4000 or 5000 years ago go to make up the most complete group of the kind, it is said, that has ever been uncovered in one tomb.

ASHLAND RESIDENT IS LAID TO REST

Funeral of Late Mrs. Lillian B. Taylor Held At Family Home—Mrs. Emma Maxwell Breaks Arm—Other News From Ashland.

Impressive funeral services over the remains of Mrs. Lillian B. Taylor wife of Dr. W. S. Taylor, were held from the home in Ashland Thursday Afternoon, December 9, 1920, at two o'clock.

Rev. C. E. French, of Virginia, in charge. Interment was made in Greenwood cemetery, Tallula, by the side of her baby, Robert. The pall bearers were Jesse Spears and Chas. Epperly of Tallula, H. A. and Lloyd Stribling, J. J. Wyatt, and Geo. S. Bergen. The flowers were cared for by Ruth Lester and Mary Edwards, of Buffalo, Ill.; Mona Ramsey, Helen Poole and Gladys McLaughlin of Illinois Woman's College, Virginia; Lois Wyatt, Nelly Savage, Enid Hubbs, Bertha Bergen, Lois Martin, Stuart McGraugh and Homer Graff. It can be truly said, A good mother has gone to rest.

Mrs. Emma Maxwell had the misfortune to fall and break her left arm at the wrist, the past week.

Mr. and Mrs. Thad Grady and family, and Mr. and Mrs. Ollie Moore spent Sunday at the home of Mr. and Mrs. W. H. Yancy.

J. C. Yancy, of Bloomington, who has been spending a few weeks under the parental roof, while nursing a broken arm, has

now recovered and was able to return to his place of business.

Funeral services for Mrs. Elmer Johnson, were held at the home of Walter Adkins, Friday afternoon, at 1:30 o'clock, conducted by Rev. C. E. French, of Virginia and burial was made in Ashland cemetery.

Mrs. S. T. Watt was transacting business in Jacksonville several days last week.

Mrs. Phil Price, daughter Lela, and Miss Julia Hewitt were shopping in Jacksonville last Thursday.

John Nix is visiting relatives in Bath, Ill. this week.

Mrs. Edna Beggs was shopping in Springfield last Monday.

Steve Gaddis and Emory Boal are making an extended visit with relatives here.

MOON MODERN MOTOR CARS

Speeding down the broad highway or drawn up to the curb in the conspicuous light of the theatre entrance the Moon Sedan reflects your idea of what a custom built car should be. Since Joseph W. Moon out of a wealth of experience as a manufacturer of fine carriages, built the first Moon fourteen years ago, Moon design and coach work have set standard for motordom.

The Moon Sedan is a companion of luxury that fits into everyday use during all seasons.

There are the wide windows that close snugly and open easily, a foot operated heater gives fireside comfort on cold days. When warm rains or summer dust require closed protection a ventilator adjustable from the inside keeps the interior cool with an abundance of fresh air.
